

**PRODUCTIVITY IMPROVEMENT AND
LEAN SIX SIGMA TRAINING SERVICES**

OZONE EXCELLENCE CONSULTING

PRODUCTIVITY IMPROVEMENT

Every organization must tackle systemic issues that prevent it from being efficient. They can be classified as follows.

Known Problems with Unknown Solutions.

Unknown Problems with Unknown Solutions.

Lean Six Sigma experts at Ozone Excellence Consulting specialized at solving complex systemic problems are proficient at tackling both. Using proven methodologies like Kaizen, Kaizen Blitzes, DMAIC, to name a few, our experts will mentor a team of employees from your organization by facilitating and leading them through a step by step process.

We assist you to come up with a realistic, economical and fail-safe solutions to your organizations most pressing problems.

PROCESS MAPPING AND DOCUMENTATION

Documented processes with clearly defined roles and responsibilities is a must for organizational efficiency and productivity. Without documented processes progressive continuous improvement programs cannot be implemented. Documented processes are essential for organizations who seek accreditation from international organizations such as ISO.

CONTINUOUS IMPROVEMENT AS A SERVICE (ClaaS®)

Large organizations have dedicated and organized Continuous Improvement Departments, whose sole mandate is to improve business processes throughout the organization. Although the benefits are enormous, the initial investment in funding such a department is large. Through this service Ozone Excellence Consulting will provide organizations such as yours the resources and capabilities of a much larger organization at a fraction of the cost.

PRODUCTIVITY ANALYSIS REPORTS

An organization's objective is to provide its customers the highest quality products and services at the least cost to itself. Additionally this task must be completed being better and faster than your competitors. However there are many processes that continue within organizations that could be enhanced to reach this goal. Ozone Excellence Consulting's highly skilled Six Sigma experts will analyze your systems using methodical, data driven approaches and report out areas of improvement.

LEAN IT

Information Technology is the framework on which today's organizations are build on to provide products & services to it's customers. At Ozone Excellence Consulting we apply Lean principles of waste reduction to your entire IT Infrastructure to make it more efficient and cost effective, while increasing the profitability of the entire organization

LEAN SIX SIGMA TRAINING

This In-House Lean Six Sigma Training program is formalized like no other currently available in the market.

Employees within your organization will follow our proprietary "Hands On" approach while learning the philosophies and techniques of Lean Six Sigma.

Your organization will benefit immediately as the trainees Implement their classroom knowledge on your current inefficiencies to provide you with an immediate ROI
